## **Stefan Krispin becomes new Commercial Director Passenger at Alpha Trains**

Stefan Krispin is the new Commercial Director of the Passenger Division at Alpha Trains Europa GmbH. He succeeds Thomas Paul Müller, who is leaving the company after 18 years to enter his well-earned retirement.

Stefan Krispin has more than 25 years of experience in the mobility sector. Among other positions, he was CEO/Managing Director of Go-Ahead Germany responsible for four companies and more than 500 employees. At Bombardier Transportation, Logplan Airport Logistics and DaimlerChrysler Rail Systems, he held several management positions and was also responsible for major international and interdisciplinary projects. Most recently, he supported clients from the regional rail transport sector with his own consulting firm.

Stefan Krispin studied electrical engineering and holds an Executive MBA from the Escuela Europea de Negocios in Madrid/Spain.

"With Stefan Krispin, we were able to win a well-noted SPNV expert for our passenger train division. We are pleased to have found a worthy successor for Thomas Paul Müller. With his many years of experience in the industry combined with his technical knowledge and strategic intuition, Stefan has all the prerequisites to continue and advance the successful development of the company in the coming years together with his team." says Thomas Schmidt, Managing Director of Alpha Trains Europa GmbH.
